Early Prayer Books of America: Being a Descriptive Account of Prayer Books Published (Classic Reprint) Rev. John Wright

In the preparation of this book, I have ventured upon a subject that for the most part has not been written upon before. It is true that valuable works have treated of the Prayer Book of the American Episcopal Church, but of liturgies generally, as they have appeared in this country, little has been said, except in a fragmentary way, chiefly in magazine literature. I have had, as a result, to encounter all the difficulties of a pioneer, and in some directions the material to draw from has been at the best but limited. Unfortunately little attention has been given to collecting and preserving prayer books. Private collectors are very few in number, and directors of public libraries have, as a rule, given scarcely any consideration to books of this kind. It is rather remarkable that even theological seminaries with a few exceptions have not been sufficiently interested to include prayer books in their libraries.

(Typographical errors above are due to OCR software and don't occur in the book.)
