This second edition incorporates a foreword by Trey Combs, new Micro Intruder Images, and 3 new Intruders, plus notes regarding suppliers of materials and components to tie Intruders. Novice and intermediate level tyers will find a solid base for tying Intruder-style flies here, with rich photo imagery showing step by step tying techniques for 24 original patterns, plus abundant encouragement to explore the creative aspects of this fly style. Please note: I encourage everyone who purchases this book to go to Office Max, Staples, or Kinkos to get it spiral bound. The cost is minimal and it makes it easy to lay the book flat on your tying bench as you work. Thank you - Jay Nicholas.
