The Liberal Education of Charles Eliot Norton

Professor James C. Turner PhD

The Liberal Education of Charles Eliot Norton Professor James C. Turner PhD

James Turner's biography offers the first modern account of Norton's life and its significance, following him from his perilous travels across India as a young merchant to his role as his country's preeminent cultural critic. Turner shows how Norton developed the key ideas that still underlie the humanities -- historicism and culture -- and how his influence endures in America's colleges and universities because of institutions he developed and models he devised.
