This book is not for guys that just want to scan the content quickly so they can get a woman to have anal sex. If you do not have time to read Chapters 2 to 4 thoroughly, DO NOT buy this book! At least read it well especially the 5 Steps to Enter and implement before you review it. Reviewing from a scan is like if someone reviewed your knowledge from just looking you over without taking the time to talk to you. I wrote

the book because the content works and will help women not go through a bad experience. **As for reviews promoting other books, I advise give your woman the competing books and this book, then implement the one she selects after she reads the process she will go through in each. SHE IS THE ULTIMATE CUSTOMER.**
