Understanding Digital Literacies: A Practical Introduction

Rodney H. Jones, Christoph A. Hafner

Understanding Digital Literacies: A Practical Introduction Rodney H. Jones, Christoph A. Hafner

Assuming no knowledge of linguistics, *Understanding Digital Literacies* provides an accessible and timely introduction to new media literacies. It supplies readers with the theoretical and analytical tools with which to explore the linguistic and social impact of a host of new digital literacy practices. Each chapter in the volume covers a different topic, presenting an overview of the major concepts, issues, problems and debates surrounding the topic, while also encouraging students to reflect on and critically evaluate their own language and communication practices.

Features include:

- coverage of a diverse range of digital media texts, tools and practices including blogging, hypertextual organisation, Facebook, Twitter, YouTube, Wikipedia, websites and games
- an extensive range of examples and case studies to illustrate each topic, such as how blogs have affected our thinking about communication, how the creation and sharing of digital images and video can bring about shifts in social roles, and how the design of multiplayer online games for children can promote different ideologies
- a variety of discussion questions and mini-ethnographic research projects involving exploration of various patterns of media production and communication between peers, for example in the context of Wikinomics and peer production, social networking and civic participation, and digital literacies at work
- end of chapter suggestions for further reading and links to key web and video resources
- a companion website providing supplementary material for each chapter, including summaries of key issues, additional web-based exercises, and links to further resources such as useful websites, articles, videos and blogs.

This book will provide a key resource for undergraduate and graduate students studying courses in new media and digital literacies.

From reader reviews:

Rina Reese:

As people who live in the modest era should be update about what going on or info even knowledge to make them keep up with the era and that is always change and move ahead. Some of you maybe may update themselves by reading books. It is a good choice for you but the problems coming to a person is you don't know which you should start with. This Understanding Digital Literacies: A Practical Introduction is our recommendation to help you keep up with the world. Why, because book serves what you want and need in this era.

Erica Dennis:

People live in this new moment of lifestyle always aim to and must have the free time or they will get lot of stress from both day to day life and work. So , when we ask do people have extra time, we will say absolutely yes. People is human not just a robot. Then we question again, what kind of activity do you have when the spare time coming to you of course your answer will probably unlimited right. Then do you try this one, reading guides. It can be your alternative inside spending your spare time, typically the book you have read is usually Understanding Digital Literacies: A Practical Introduction.

Sophia Morrison:

Your reading sixth sense will not betray you actually, why because this Understanding Digital Literacies: A Practical Introduction guide written by well-known writer who knows well how to make book which might be understand by anyone who read the book. Written throughout good manner for you, leaking every ideas and producing skill only for eliminate your own hunger then you still uncertainty Understanding Digital Literacies: A Practical Introduction as good book not merely by the cover but also with the content. This is one e-book that can break don't assess book by its handle, so do you still needing yet another sixth sense to pick this kind of!? Oh come on your examining sixth sense already told you so why you have to listening to an additional sixth sense.

Tyler Cote:

This Understanding Digital Literacies: A Practical Introduction is great publication for you because the content and that is full of information for you who also always deal with world and possess to make decision every minute. This book reveal it information accurately using great plan word or we can declare no rambling sentences included. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but tricky core information with splendid delivering sentences. Having Understanding Digital Literacies: A Practical Introduction in your hand like having the world in your arm, facts in it is not ridiculous one. We can say that no guide that offer you world inside ten or fifteen moment right but this e-book already do that. So , this is certainly good reading book. Hey Mr. and Mrs. stressful do you still doubt that?
