Edward Hirsch

On Love: Poems Edward Hirsch

"Life has to have the plenitude of art," Edward Hirsch affirms in his fifth volume of poems, **On Love**, which further establishes him as a major artist. From its opening epigraph by Thomas Hardy and an initiating prayer for transformation, **On Love** takes up the subjects of separateness and fusion, autonomy and blur. The initial progression of fifteen shapely and passionate lyrics (including a sonnet about the poet at seven, a villanelle about the loneliness of a pioneer woman on the prairie, and an elegy for Amy Clampitt) opens out into a sequence of meditations about love. These arresting love poems are spoken by a gallery of historical figures from Denis Diderot, Heinrich Heine, Charles Baudelaire, and Ralph Waldo Emerson to Gertrude Stein, Federico Garcia Lorca, Zora Neale Hurston, and Colette. Each anatomizes a different aspect of eros in poems uttered by a chorus of historical authorities that is also a lone lover's yearning voice. Personal, literary, **On Love** offers the most formally adept and moving poetry by the author Harold Bloom hails as utterly fresh, canonical, and necessary.
