Fallout

Ellen Hopkins

Fallout Ellen Hopkins

The gripping conclusion to the Crank trilogy, from #1 *New York Times* bestselling author Ellen Hopkins.

Hunter, Autumn, and Summer—three of Kristina Snow’s five children—live in different homes, with different guardians and different last names. They share only a predisposition for addiction and a host of troubled feelings toward the mother who barely knows them, a mother who has been riding with the monster, crank, for twenty years.

Hunter is nineteen, angry, getting by in college with a job at a radio station, a girlfriend he loves in the only way he knows how, and the occasional party. He's struggling to understand why his mother left him, when he unexpectedly meets his rapist father, and things get even more complicated. Autumn lives with her single aunt and alcoholic grandfather. When her aunt gets married, and the only family she’s ever known crumbles, Autumn’s compulsive habits lead her to drink. And the consequences of her decisions suggest that there’s more of Kristina in her than she’d like to believe. Summer doesn’t know about Hunter, Autumn, or their two youngest brothers, Donald and David. To her, family is only abuse at the hands of her father’s girlfriends and a slew of foster parents. Doubt and loneliness overwhelm her, and she, too, teeters on the edge of her mother’s notorious legacy. As each searches for real love and true family, they find themselves pulled toward the one person who links them together—Kristina, Bree, mother, addict. But it is in each other, and in themselves, that they find the trust, the courage, the hope to break the cycle.

Told in three voices and punctuated by news articles chronicling the family’s story, FALLOUT is the stunning conclusion to the trilogy begun by CRANK and GLASS, and a testament to the harsh reality that addiction is never just one person’s problem.

From reader reviews:

Barbara Kimmel:

Book is actually written, printed, or highlighted for everything. You can realize everything you want by a guide. Book has a different type. As you may know that book is important point to bring us around the world. Adjacent to that you can your reading expertise was fluently. A guide Fallout will make you to possibly be smarter. You can feel more confidence if you can know about anything. But some of you think in which open or reading the book make you bored. It isn't make you fun. Why they can be thought like that? Have you looking for best book or suited book with you?

Bobbi Brunner:

What do you regarding book? It is not important along with you? Or just adding material when you require something to explain what your own problem? How about your time? Or are you busy particular person? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have free time? What did you do? All people has many questions above. They should answer that question since just their can do that. It said that about reserve. Book is familiar in each person. Yes, it is proper. Because start from on kindergarten until university need this specific Fallout to read.

Barbara Norwood:

Don't be worry if you are afraid that this book will certainly filled the space in your house, you may have it in e-book method, more simple and reachable. This specific Fallout can give you a lot of friends because by you taking a look at this one book you have matter that they don't and make an individual more like an interesting person. This specific book can be one of one step for you to get success. This book offer you information that possibly your friend doesn't recognize, by knowing more than different make you to be great folks. So , why hesitate? Let me have Fallout.

Rita Lattimore:

Do you like reading a guide? Confuse to looking for your best book? Or your book ended up being rare? Why so many problem for the book? But any kind of people feel that they enjoy with regard to reading. Some people likes looking at, not only science book but in addition novel and Fallout or maybe others sources were given knowledge for you. After you know how the truly amazing a book, you feel would like to read more and more. Science guide was created for teacher as well as students especially. Those guides are helping them to bring their knowledge. In some other case, beside science guide, any other book likes Fallout to make your spare time a lot more colorful. Many types of book like this.
