Lets Settle This Mr. John Catapano

This book is about a warm-hearted single dad trying to provide for his family, while dealing with divorce, disability, an insanity driven ex wife, and corruption in the law. Starting in the streets of Brooklyn, and ending up in Staten Island. This man faces battles with finances, his marriage, his kids and his lawyers. Even though he had street smarts, the corruption in the Staten Island court system sucked him for all his money. Trying to make a better life for him and his daughter he attempted to file for divorce and it has been on going for five years and counting, still draining his bank account. Having a (hopefully soon to be) ex wife that has ties into the court system, this man has no hope in the court ruling in his favor.
