## **TERRA**

They came for us sixty years ago. We called them the Depraved. We later learned the proper name was the Surtu.

After we get done with them, they will be called the Defeated.

We've been waiting sixty years for our chance to fight back. Last time, they took all our women, and we were defenseless. This time, the women are going to kick their ass back to their home planet.

No one has seen a Surtu for decades. We tell our children they are monsters. I will be surprised to discover they look like gods. Cold. Hard. Sexy.

One, in particular, will be impossible for me to ignore.

## **JIDDEN**

We came for them sixty years ago. We needed women. We didn't care where they were from as long as they could mate with us. They were called humans.

Now they will be called our wives.

We've been waiting sixty years to make sure our offspring are viable. They were easy to conquer before. Now, we're the vanguard of a Surtu fleet. We've had a taste of their women, and we want them all.

I'm only here to advance my career. I will be surprised to discover that I can't stop thinking about one particular Earth girl. She will capture my heart, she will tempt me to sin, and our love will be forbidden.

I won't care.
