**Exponential Distribution: Theory, Methods and Applications** N. Balakrishnan, Asit P. Basu

The exponential distribution is one of the most significant and widely used distribution in statistical practice. It possesses several important statistical properties, and yet exhibits great mathematical tractability. This volume provides a systematic and comprehensive synthesis of the diverse literature on the theory and applications of the exponential distribution. Discussions include exponential regression, models and applications of mixtures, and applications to survival analysis.

### **From reader reviews:**

#### **Cynthia Richards:**

Do you have favorite book? In case you have, what is your favorite's book? E-book is very important thing for us to find out everything in the world. Each reserve has different aim or goal; it means that guide has different type. Some people feel enjoy to spend their time for you to read a book. They are really reading whatever they get because their hobby is definitely reading a book. What about the person who don't like reading a book? Sometime, man or woman feel need book when they found difficult problem as well as exercise. Well, probably you will require this Exponential Distribution: Theory, Methods and Applications.

#### **Richard Segers:**

Are you kind of busy person, only have 10 as well as 15 minute in your moment to upgrading your mind proficiency or thinking skill possibly analytical thinking? Then you are receiving problem with the book compared to can satisfy your limited time to read it because this time you only find guide that need more time to be learn. Exponential Distribution: Theory, Methods and Applications can be your answer mainly because it can be read by a person who have those short extra time problems.

#### **Elaine Davenport:**

You will get this Exponential Distribution: Theory, Methods and Applications by check out the bookstore or Mall. Just viewing or reviewing it might to be your solve issue if you get difficulties to your knowledge. Kinds of this guide are various. Not only simply by written or printed and also can you enjoy this book through e-book. In the modern era like now, you just looking from your mobile phone and searching what your problem. Right now, choose your own personal ways to get more information about your reserve. It is most important to arrange yourself to make your knowledge are still change. Let's try to choose appropriate ways for you.

#### **Carlos Thornton:**

Reading a reserve make you to get more knowledge from that. You can take knowledge and information originating from a book. Book is created or printed or outlined from each source that filled update of news. With this modern era like right now, many ways to get information are available for you actually. From media social just like newspaper, magazines, science reserve, encyclopedia, reference book, book and comic. You can add your understanding by that book. Isn't it time to spend your spare time to spread out your book? Or just in search of the Exponential Distribution: Theory, Methods and Applications when you necessary it?
