Building Codes Illustrated: A Guide to Understanding the 2009 International Building Code Francis D. K. Ching

An easy-to-use, illustrated guide to the 2009 edition of the International Building Code As the U.S. building industry adapts the international standards, architects and other building professionals need a clear, practical guide to the International Building Code. Marrying the graphic skills of bestselling author Frank Ching with the code expertise of Steven Winkel, FAIA, this invaluable reference provides an easy-to-understand interpretation in both words and illustrations of the portions of the building code that are most relevant for the architect. Highlighting major changes between the new code and previous model building codes, this book will help architects understand how this code change will affect their practice.* Provides a visually-oriented guide to the 2009 International Building Code* Uses illustrations and concise explanations to hone the building codes down to the fundamentals that most designers need* Includes reviews by the International Code Council (ICC) and follows the ICC's 2009 International Building Code* Drawings by Frank D.K. Ching (Seattle, WA), Professor Emeritus of Architecture at the University of Washington, is world-renowned for his numerous architecture and design books, including *Architecture: Form, Space, and Order*; *A Global History of Architecture*; *Interior Design Illustrated*; *Building Codes Illustrated*; and *Building Construction Illustrated*, all from Wiley* Commentary written by nationally-recognized building codes expert Steven Winkel, the Architect member of the California Building Standards Commission, a past national board member of The American Institute of Architects (AIA), and past president of the AIA California Council* Winkel is also co-author of *Building Codes Illustrated for Elementary and Secondary Schools*, *Building Codes Illustrated for Healthcare Facilities*, and *Residential Building Codes Illustrated*
