Welcome to Crash Course THE revision aid to get you the results you need!!

Crash Course is a complete revision guide designed specifically to save you time by providing everything you could be asked in the exam in one place!

Each book in the series has been specially written either by senior medical students or junior doctors carefully supervised by faculty advisors to ensure that it exactly matches your needs by having been prepared by someone who has just been in the exam situation!

Fully updated and revised to improve accessibility, the first part of each volume provides an integrated approach to the subject by linking together anatomy, development, histology, physiology and pharmacology. The second part covers diseases and complaints, clerking, clinical assessment and examination, common skills and further investigations. New features include learning objectives at the start of each chapter, improved hints and tips boxes, clinical application boxes and a completely revised self-assessment section tailored to the current exam formats!

Crash Course is now also available in Student Consult, an exciting on-line package which will also provide you with...
