## Deep Time: Star Carrier, Book 6 Ian Douglas

The sixth book in this action-packed, *New York Times* best-selling science fiction series - Star Carrier.

The clock is ticking in the struggle for galactic independence. Once rebels fighting all-out civil war with The Earth Confederation, over the demands of the Interstellar Sh'daar Collective, the United States of North America is now the dominant force in negotiations with the Sh'daar. But as the Marines root out the last violent dissenters, an alien ship of unknown origin suddenly flees Earth's orbit. Is it mere coincidence...or a terrifying omen?

President Alexander Koenig watches with great interest as USNA forces give chase. But upon first contact, it's not apparent where they are headed or, terrifyingly, even when. For this bizarre species has somehow mastered the power to manipulate time itself. Now Koenig must decide whether he's dealing with angels of astonishing technological prowess...or the agents of humanity's destruction.
