## **Predator's Game (Scott Wolfe) (Volume 6)** S.L. Shelton

This is the sixth volume in S.L. Shelton's unfolding story of corporate corruption in the world's governments and the adventures of a young Scott Wolfe, who is unknowingly swept into a secret war of massive proportions. Coming out of battle, but feeling confident, Scott Wolfe is prepared to operate outside of Langley oversight. Someone has been breaching security, passing secrets that could get everyone killed and Scott is not taking any more chances. A windfall of information is disappearing at an incredible pace and Scott only has a short window of opportunity to follow the trail before it goes cold. He's closer to Combine than he's ever been but a new predator has entered the game, something he's never faced before—something bred for killing. Running silent, with his incredible skills and with no Agency rules, might not be enough this time. Hanging in the balance are the lives of his friends and coworkers at TravTech and his dream girl, Kathrin. With all he's learned, and as far as he's grown, Scott is pushed to his absolute limit in an attempt to end the secret war. It's not clear if his best is enough to keep him and those he loves alive.
