What is your relationship with money? How do you view it? I asked you these two questions because the way that you feel, think and act towards money formulates your “Money Blueprint” and determines whether or not you will be financially successful. Your “Money Blueprint” is ingrained in your subconscious mind and it has been immensely influenced and formulated by your interactions with others and their views of money like your parents, relatives, and the various institutions you have encountered in your lifetime like school, the church etc.

In his book entitled Money Blueprint: The Secrets To Creating Instant Wealth author and serial entrepreneur Omar Johnson examines how exactly your “Money Blueprint” has been formulated and how it has possibly hindered you from achieving financial success.
