My Doctor's Orders

She was just being kind...

Kira Jacobson worked as a web mistress and spent her days tinkering online and cooking up delicious meals. She was happy to share her food with the arrogant doctor across the hall, much to his annoyance. But when a friendly gesture leads to something more, will Kira be able to protect her heart from the kind and arrogant alpha?

He just wanted to be left alone...

Dr. Kyle Masters spends his days treating cancer patients so he likes the rest of his life easy and uncomplicated. Figuring out how his neighbor keeps breaking into his apartment to leave him food—delicious food—is complicated. So is his unwanted attraction to her. When that attraction moves from casual to complicated Kyle must decide if he's willing to accept complicated or continue his solitary existence.

Just What the Doctor Ordered

Dr. Kasie Fulgram is just months away from completing her surgical residency. She would be a certified surgeon and could work on her own, without the interference of the sexy and egotistical Dr. Jase Jackson, whom everyone calls JJ. When a Jane Doe stabbing victim comes into the ER overnight, Kasie believes it just might be her runaway sister.

When Jase's help leads her to the right answers, Kasie finds he's more than a great smile and big ego.

JJ knows Kasie doesn't like him and he can't figure out why and he's determined to do so. When he saves her from a sticky situation, a night of passion changes the dynamics of their relationship. Jase quickly learns there's more to his fiery resident than a prickly attitude.

Can two surgeons find love in the ER?

He's My Prescription

Brionna Jackson has just arrived in sunny Phoenix, Arizona to begin her residency. Leaving behind painful memories, a sick brother and an overbearing mother in Savannah, she's ready to start a new life in neurological medicine. She doesn't quite count on meeting the stoic, cold, Declan Longston.

The moment their eyes meet, she knows that he's going to be trouble. Andrew, a colleague of Declan's, tells her of his uncanny ability to run off residents, but Bri isn't so easily dissuaded. Stubborn, strong and ready for anything, Brionna dives into her residency ready to save lives and solve impossible cases. Nothing can stand in her way.

It isn't long, however, before Brionna realizes that she's stumbled into the middle of trouble. Declan wants to claim her. Someone else wants to frame her. Stuck in a whirlwind of dominance, betrayal and medicine, can Brionna keep control? And can she resist the handsome Declan Longston?

Dose of Him

Brionna Jackson has been in sunny Phoenix, Arizona for two months now. She's good at what she does and it shows. Sure there are long hours, lots of work and some of her patients are less than stellar, but life as an intern has its perks.

One of those perks is Declan Longston. The man is a genius of neurological medicine, but what's more is the way he feels about her. Dominating, sexy and smart, he's the perfect combination for her. Things are going smoothly, until their newly found relationship hits snag.

Wendy is the new assistant to Declan and she seems to have a thing for him. Between the jealousy and a medical malpractice case that has emerged from Declan's past, Brionna's life is about to take a turn. Add in an especially hard case and it has all the makings of a nightmare.

Can Brionna get her life back under control? Or is it the end of her relationship and her career?
