Fascinated by the world of coincidence and synchronicity, George Daley decides to write a book on the subject. While doing some research, the most remarkable coincidence of his life occurs-he runs into Larry Hart, the identical twin brother he never knew he had. But as George gets to know this newfound brother, strange things start to happen. As he delves deeper into the mystery of the true identity of his twin, George discovers the real reason coincidences occur-and why they are not so innocent as they seem. A chilling and suspenseful novel, based on the genuine metaphysics of synchronicity, COINCIDENCE explores the astounding truth behind this common phenomenon.
