Henry James

The Collier's Weekly Version of The Turn of the Screw Henry James

"She was the most beautiful child I had ever seen, and I afterward wondered that my employer had not told me more of her." For the first time since 1898, readers can experience Henry James's eerie *The Turn of the Screw* the way his original readers did, as a twelve-part weekly serial. The Coffeetown Press edition showcases the novel as it first appeared, complete with provocative illustrations by John La Farge and Eric Pape, in *Collier's Weekly*. This unique edition, with an analytical introduction by Peter G. Beidler, will of course be valuable to scholars. It will be particularly useful, however, for undergraduate classroom use. It allows readers to experience first-hand the suspense generated by the week-by-week grouping of chapters. It also lets them read the young governess's story of her dangerous encounter with prowling spirits as it first appeared, before James made the 500-odd changes in wording he introduced later. After reading Beidler's detailed appendix analyzing all of James's revisions, readers will see that in many ways this earliest version of *The Turn of the Screw* was James's best.
