The End of the Risk-Free Rate: Investing When Structural Forces Change Government Debt Ben Emons

Ben Emons explains why government debt is no longer "risk free"--and how you can seek alternatives in order to invest your money accordingly

A timely alert to the fundamental changes taking place in today's global economic and financial systems. The book discusses why there is no longer a true risk free rate, how this will impact risk premiums, financial and real asset valuations, what could be the future alternatives to the risk free rate and what to look for when investing.
