Basic Facts about the United Nations

United Nations

Basic Facts about the United Nations United Nations

This comprehensive handbook designed for the general public, sets forth the structure of the United Nations, how the Organization works, the main issues it deals with and its importance for people everywhere. Along with explaining the role played by its principal organs and the family of UN organizations, individual chapters explore UN contributions to international peace and security, economic and social development, human rights; humanitarian action, international law; and decolonization. A series of appendices documents UN membership, peacekeeping operations, budget, and contact information for UN information centers, services and offices. This new edition of the work has been substantially revised featuring significant developments worldwide and in the United Nations itself since the last edition (previously titled *The UN Today*) in 2008.

From reader reviews:

Mary Richie:

Hey guys, do you desire to find a new book to read? Maybe the book with the headline Basic Facts about the United Nations suitable to you? The actual book was written by a well-known writer in this era. The book titled Basic Facts about the United Nations is one of several books which everyone reads now. This kind of book has inspired lots of people in the world. When you read this guide you will enter the new dimensions that you never knew just before. The author explained their strategy in a simple way, therefore all of us can easily comprehend the core of this guide. This book will give you a wide range of information about this world now. To help you to see the representation of the world in this book.

John Vandorn:

Exactly why? Because this Basic Facts about the United Nations is an extraordinary book that the inside of the publication is waiting for you to snap the item but later it will zap you with the secret idea inside. Reading this book alongside its fantastic author who has written the book in such an amazing way makes the content within easier to understand, an entertaining method but still conveys the meaning completely. So, it is good for you because of not hesitating to have this anymore or you going to regret it. This amazing book will give you a lot of benefits that other books have such as help improving your proficiency and your critical thinking way. So, still want to delay having that book? If I were being you I will go to the reserve store hurriedly.

Jodie Kahl:

As we know that a book is an essential thing to add our knowledge for everything. By a publication we can know everything you want. A book is a pair of written, printed, illustrated or even blank sheet. Every year has been exactly added. This publication Basic Facts about the United Nations was filled about science. Spend your spare time to add your knowledge about your scientific disciplines competence. Some people have a distinct feel when they read the book. If you know how big a benefit of a book, you can sense joy to read a publication. In the modern era like today, many ways to get a book that you wanted.

Barbara Kelley:

As a university student exactly feel bored to reading. If their teacher asked them to go to the library or make a summary for some reserve, they are complained. Just small students that have reading's heart and soul or real their leisure activity. They just do what the teacher wants, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is for being complicated. A book is very important in your case. As we know that on this age, many ways to get whatever we want. Likewise words say, ways to reach China's country. Therefore this Basic Facts about the United Nations can make you really feel more interested to read.
