Where Wolves Talk D. L. Lewis

Cats like to kill. Yes, they're cute and furry, but we all know about the murderous desires lurking in their darling little hearts.

Kitten is no exception. Confined within his owner's house, the young cat is deprived of the opportunity to hunt live prey. Day after day, he dreams of the chase that will end in victorious annihilation of a living target.

An encounter with someone older and wiser throws Kitten's fantasies into disarray. Is his bloodthirstiness natural, or has he been infected by an ancient evil? To find the answer, he travels to a world where he can confront the source of all corruption.

This book can be read as a standalone novel (doesn't end with a cliffhanger) but there will be a second volume available in 2016.
