The Invisible Men of Adoption

Mr Gary Coles

The Invisible Men of Adoption Mr Gary Coles

This book is about the fathers of children who were raised in other, adoptive families. Frequently, in writings about the separation of parent and child, the emphasis is on the mother and her son or daughter. The father is an absent, or at best a peripheral figure. The Invisible Men of Adoption brings the father into the open and accords him his proper place within the family of origin. Through this exposure of the 'invisible men', the reader will gain a full appreciation of what it means to be a birth father. The Invisible Men of Adoption also explores and demonstrates the benefits of birth fathers being included in the mending of emotional wounds caused by the initial separation of the three family members. This key role for the birth father in a tripartite setting has not been addressed by anyone else in adoption literature. The Invisible Men of Adoption is the culmination of Gary Coles' writings about the place of birth fathers in adoption.
